

EDITORIAL OF THE PRESIDENT

Dear friends,
Some of you did not see the arrival of our Club on Facebook, this touchdown by our new communication commission, I have to admit that I was rather sceptical at first but the big success stopped convincing me of my new condition of " Has Been ".
We need to live with our time and the social networks have an integral part in this new way of communicating.
The information is faster and faster and our planet becomes small, but it stays nevertheless some big new spaces worldwide which can be informed about our breeding only through these modern tools.
As a new communication challenge, this newsletter arrives for the attention of our members, allowing to inform about different subjects between our two magazines.
Enjoy your reading and do not hesitate to transfer this newsletter as well as the membership form of our Club to your friends.

Pierre Avellan

FOCUS ON COMMUNICATION

The communication commission has been organized to bring you all the information about the life of the club and our companions.
We try to be as reactive as possible so that you can be informed of the results at the same time on the site of the club but also on our recently created Facebook page which counts already more than 900 fans after only 3 months of existence!
This newsletter is a new step of our road map: it aims to be open to all, that is why we also propose it in English, Spanish and Italian versions.
Let's subscribe to it by sending us your e-mail address.
Be aware that your beautiful pics interest all the pointer fans and you can send them to us in high definition and free of rights.
If you obtain a CAC or RCAC in field trial as well as in exhibition : your pic will be posted on the news.
If it is another one you promote, you'll show how you care your race by sharing the news : name of the dog, owner, handler and a pic if possible.
Our website will be evolving thanks to the participation of all of you.
So thanks in advance !

The Communication Commission

DELEGATE INTERVIEW

MURIEL GUERIN, delegate of Île de France region, organizer of big cynophile events, can you describe what represents for you your delegate's role ?

MG : It is true that my delegations owns many events : exhibitions, Hunting and Fishing festival in Compiègne, Chambord in Loiret, I also went to Game Fair of Carrouges during several years; field trials , the TAN with Max, the Paris Dog Show in January...so many meetings where it is easy to meet people and to create contacts. I recognize feeling comfortable in this exercise and really appreciate my role of delegate.

Could you give us your « tips » of delegate ?

MG : To promote Pointer during interesting events : Farming Festival and its agricol competition, and General Agricol Exhibition are important shows for our Club. During 9 days in Dogs races Village, we receive hundreds of visits, from newcomers to Pointer experts. Our role is to put the Pointer in evidence : excellent hunter with docile behavior, easy to train, quiet at house with child, excellent at sport...

To ask the good questions to new Pointer owners or simple curious people, it is essential for the success of our mission in order to answer to their expectations and queries : hunting , field-trial, exhibition, life... Keep in mind people satisfaction but also dogs feelings. From this harmony will grow a beautiful friendship full of happiness for everyone during many years.

If you had to um-up « the delegate » with few words?

MG : Understanding of the race and its « products »: breeding, breeders, puppies available or to come, Club directives and next events. Availability, friendship, giving desire to discover, to participate but always acting for the race !

NEWS

Field Trial: The « Gibier Tiré » season has just started with a lot of rankings for our French Pointers. We have also received very good news from Poland where our Frenchies have scored several times in « Quête de Chasse. »

Find all the field-trial results on French PointerClub website : www.pointerclub.fr

Exhibition : After a beautiful national of breeding, our Pointers don't stop the show on the rings but on podiums as well, all around France and nearby countries.

Congratulations to all Pointer owners and handlers who make big efforts to showcase their dogs and give a very nice representation of our race.

Find all the exhibition results on French PointerClub website : www.pointerclub.fr

Hunting: The season has just restarted and we are pleased to learn that more and more hunters are participating to St-Hubert competition : once again, thanks to the owners and handlers who demonstrate the quality of our hunting dogs directly on the fields.

NEXT EVENTS
